

DEPARTMENT OF THE AIR FORCE
OFFICE OF THE UNDER SECRETARY

MEMORANDUM

25 November 1964

Jack:

1. Attached is a general outline and sequence of items for you to cover in the 14 December briefing to Mr. Zuckert.
2. Leo Geary will cover the SR-71 and YF-12 in the same vein. I will cover the 147B Drone Program and touch on U-2 activities.
3. You may take up to a maximum of 20 minutes if required. Some parts undoubtedly can be covered in a very short time, amplifying, if need be, in response to questions. I suggest you use 30x40 flip charts since the briefing will be given in Dr. McMillan's office.
4. You, Leo, and myself should have a dry run on or about 10 December.
